- Date: 20th- 23rd Dec, 21
- Timings: 3PM to 4:30PM
- Age Group: 7 to 11years
- Platform: Zoom

Brief of the camp

Christmas is one of the most loved festivals among younger children. They await the arrival of Santa to receive gifts & welcome the new year. Children love to decorate the Christmas tree, prepare gifts and cards. Wishes of Merry Christmas go from one house to another but not to the earth. Earth receives something else & that is tons of waste of gift packages & plastic Christmas trees.

This year, here is an invite to introduce the children to eco-friendly Christmas celebrations through Nature connect winter camp. Through an integrated approach, the camp brings together different elements like games, arts, songs, stories etc. to bring out fun, festivity, joy & learning.

All the activities are curated to keep the child's connection with nature at the center with playful spirit of Christmas celebrations.

Features of the camp

The features of the camp are:

1. **Eco friendly Christmas decorations-** Children will make their own Christmas ornaments using earth friendly materials & use them for decorating their Christmas tree. This will enhance their sensitivity and connection towards nature.
2. **Upcycled gifts & packaging-** Children will make gifts for themselves & their friends using the things available at home & in surroundings. They will also learn about different packaging ideas using cloth & newspaper. This will help children to practice the spirit of giving & receiving from others.
3. **Christmas stories & carols-** Stories & songs are wonderful ways to increase children's imagination & empathy. This aspect will connect them to the spirit behind celebrating of the festival.
4. **Games-** We will have different nature related games, scavenger hunts to bring out the playful aspects of celebrations.

Registration details

Registration link: bit.ly/3CWolbf

Registration contribution: on sliding scale ₹1,000/- to ₹2,000/-*

* Pay as per your best capacity. Pay more to give opportunity to children who can't afford as well as for our village initiatives. If you are the one who feel require some support, please fill free to connect with us on 9560839287.
